

# Appraisal Solutions for Heavy Equipment and Commercial Vehicles

## Appraisal Solution Services

### Your Partner in Precision and Efficiency

At Veritas, we are experts at managing heavy equipment and commercial vehicle claims. From detailed appraisals to comprehensive support for claims adjusters facing time-sensitive demands, our team provides seamless, specialized services that make a difference.

- ✓ Expert appraisals across a wide array of equipment, including tractor-trailers, construction machinery, farm equipment, specialty heavy machinery, rail, and boats.
- ✓ Efficient handling of the appraisal processes to ensure smooth, cost-effective outcomes.
- ✓ Comprehensive support in evaluating total loss claims accurately.
- ✓ Assistance in gathering, analyzing, and preparing claim information for litigation when needed.
- ✓ Internal quality control processes to ensure all claim details and estimates are accurate and complete.

## Why Choose Veritas?

### Detailed, Actionable Reports

Each appraisal includes comprehensive documentation and contextual insights.

### Strict Turnaround Requirements

Veritas meets tight deadlines without compromising accuracy or quality.

### Evolving Equipment Needs

Expert evaluations for electric vehicles and other specialized equipment.

### Industry-Leading Expertise

An unparalleled depth of knowledge that ensures accuracy and precision in every claim.
