Expert Solutions for Workers' Compensation Claims

Supporting Efficient and Effective Workers' Compensation Management

At Veritas, we understand the complexities of handling workers' compensation claims. From closely managing high-cost injuries to ensuring timely case resolution, our specialized team is here to help claims managers reduce costs, streamline processes, and improve outcomes for their clients.

Workers' Compensation Services

- Ensuring all necessary first and subsequent reports of injury are accurately filed according to state regulations (FROI & SROI).
- Veritas initiates immediate contact with the injured worker, employer, and medical provider to gather essential information and ensure smooth case management from the start.
- Assess the claim for compensability, offering well-supported recommendations that help mitigate risk and maintain compliance.
- Veritas specializes in auditing medical bills for inaccuracies and negotiating reductions, ensuring fair and accurate medical expenses on every claim.
- Working closely with employers, we develop customized return-to-work plans that accommodate injured employees' needs, helping them reintegrate quickly and reducing overall time away from work.
